

EDMONTON CAPITAL

VOL. 2. EDMONTON CAPITAL, THURSDAY, AUGUST 17, 1911 No. 206

CITY IS NOW ASSURED ABUNDANCE OF WATER

Big Inglis Pump Is Repaired and Re-Attached to City Mains, Guaranteeing Householders Plenty of Necessary Fluid in the Future—Entire Plant Working

As announced in yesterday's Capital the water supply in the city of Edmonton today is ample today regardless of the unusually large number of visitors in the city, the abnormal demand for water caused by the exhibition grounds, at which increases the temporary connections, the big Inglis pump were made and the machine was started working. This affords a water capacity of ten or eleven million gallons of water. After being disappointed in the arrival of the necessary 20 inch pipe connections from Toronto, the commissioners and engineers took a piece of the main and a portion of the main that leads to the sedimentation basin and utilized that in connecting the big pump to the main. All visitors to the city of Edmonton might well be informed that the trouble with Edmonton's water supply during the recent past has been caused by

Mr. Oliver Expostulates But Does Not Explain

Following the liberal convention held in the Separate School hall yesterday afternoon the Oliver forces are getting very busy in their attempt to promote the organization and extension of their hand-picked association. Last night Mr. Oliver gave an address to a gathering of the faithful in their committee rooms in the Exchange Mart, during the course of which he claimed the credit for the Canadian Northern and the Grand Trunk Pacific coming to Edmonton, and also for the whole railway policy put into effect by the Rutherford government, including the railway to Athabasca Landing, which he said was to connect Edmonton with the waterways of the north.

Mr. Oliver, in the course of his speech, paid a good deal of attention to the liberal convention, claiming that the people who attended the convention were not liberals and that the agitation against him was only the work of a bunch of sorcerers. He was particularly bitter against the men who had been active in carrying out his nomination arrangements at the time of the last federal election, and he referred to his own bank account and to Mr. Rutherford at the same time by saying that while he (Oliver) had a bank account in which the \$69,350 had been shown to his credit, he felt sure that Mr. Rutherford's bank account for any time in recent years would show a larger amount, and he did not see why it was an offence for the minister of the interior to have a bank account which he did not feel obliged to explain, or words to that effect.

Mr. Oliver did not undertake to explain, however, how it happened that he came in possession of the amounts set out in the bank statement, nor did he offer any explanation of what he did with the money.

For organization purposes the Oliver gang is just now very busy in formulating a body known as the Liberal Juniors, the purpose of which is to stand in the same relation to the hand-picked association as the Young Liberal club does to the Liberal association. To swell the ranks of this body they were actively engaged in rounding up government officers and whatever young business men they think they can control through the exercise of the patronage.

No date has yet been announced for the convention of the hand-picked association, but it is understood that an arrangement exists with Peter Talbot to the effect that Talbot is to come to Frank's rescue by selling the date and doing everything within his power to make it appear that the Oliver convention is regular. Talbot has sent out notices for a meeting of the executive to be held in Stanley Jones' office in Calgary this evening and it is quite likely that some announcement will be forthcoming from the self-appointed czar as a result of this meeting.

GIMERY PLAYING MACKIN'S AGGREGATION OF BALL PLAYERS SLIP IT OVER ON THE COWPUNCHERS BY SCORE OF SIX TO TWO—CALGARY LACKED PEP AND BATTER IRREGULARLY

Mackin's Aggregation of Ball Players Slip It Over on the Cowpunchers by Score of Six to Two—Calgary Lacked Pep and Battered Irregularly

McQuarrie, pitching for Edmonton in the first of the series between Edmonton and Calgary this morning got almost perfect support in the field and outside of a little wildness which did not do any great amount of damage toward a good game, winning by a score of six to two. The Eskimos had pepper to spare—a contrast to the playing of the Calgary team who did not show their accustomed ginger. Both teams played in a weakened condition, Edmonton being short. Babe Mills who is probably out of the game for the rest of the season, and Calgary for the rest of the season, played in the field in that position. Lezie was in right field.

Two slinky double plays in the sixth and seventh brought the game out of not weather when it looked dangerous for Edmonton. In both of these balls, Mackin and Dudley were the principal players.

Several bad errors by Calgary and a few hits made at the right time and properly placed in the field won the game for Edmonton. Perfect hitting by Mackin's side and an inability to smother their hits prevented Calgary from getting into the run column out of the third and fifth innings when they secured one.

At last, Edmonton got only seven hits but they were made when hits meant runs. The second innings Ball singled, and second came in when Lezie dropped a fly in the right guard range. In the fourth Ball singled; Dudley caught Mackin's side and Pete Standridge allowed it to roll to the fence, scoring Ball, and permitting Standridge to reach first. Mackin tried to catch Standridge on third and hit Chick on

Will Use Monoplane in Attempt to Reach Pole

English Aviator Has Sent Machine to Australia from Where It Will Be Shipped to Farthest Point South—Can Be Used as Motor Sleigh

London, Eng., Aug. 17.—Lieutenant Watkins, who is to accompany Dr. Douglas Mawson on an expedition in quest of the south polar region, has sent a monoplane to Australia today. Lieut. Watkins is the well known aviator at Brooklands, the primary plan of the expedition is to use the monoplane only for the dash to the south pole but to use it for reconnoitering less humdrum and barriers encountered. It is constructed so that it can become a motor-sleigh or motor sled, has been previously been made to complete the possession of a Russian Grand Prince who employs it for travelling the steppes.

CYCLOPE DESTROYS DOMINION WOULD SEVERAL SHACKS AID DEFENCE

HURRICANE VISITS HIGH RIVER DOING CONSIDERABLE DAMAGE—NO FATALITIES REPORTED

(Western Associated Press)
High River, Alta., Aug. 17.—Information received here today confirms the report of a cyclone which devastated part of the Black Diamond district (about twenty miles northwest) a shank in which women and children were injured was carried a long distance. The storm when the floor fell hurled the occupants and contents of the building to the earth. The shacks were not destroyed and demolished in the air. Another woman, sent the storm coming, took refuge under a bridge. She was severely injured by flying bricks and gravel. Trees fifteen inches in diameter were torn up bodily or ripped in splinters. Loads in the path of the storm were rendered impassable by falling timber. Fortunately the cyclone was very local in extent and did not visit any large buildings of the district or the loss of life would have been inevitable. Occupants of the destroyed shacks escaped miraculously.

PREMIER SIFTON TO DELIVER ADDRESS

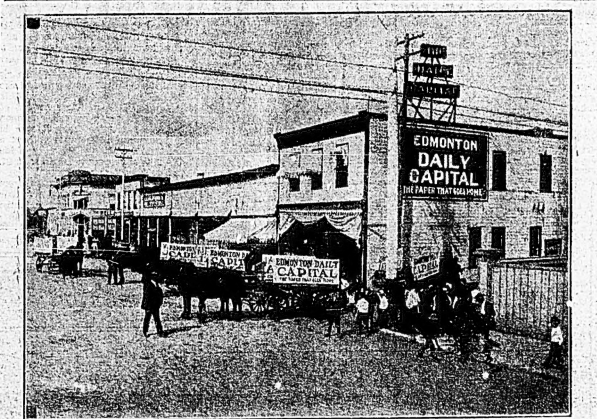

WILL TAKE PART IN CAMPAIGN IN THE CALGARY CONVENTION—MEETING MONDAY

(Special to the Capital)
Calgary, Aug. 17.—The first big mass meeting of the present local political campaign will be held next Monday evening at 8 o'clock in the main hall of the Warman Hotel. The meeting will be a large one and arrangements are being made for ample seating accommodation. The speakers will be Premier Sifton, Hon. Duncan Marshall, minister of agriculture, and the local candidates, L. E. G. Van Wart.

This meeting will mark the opening of the Liberal campaign. All those interested in the campaign are invited to attend this meeting and hear this great and important question discussed by the above speakers.

Paul Williams, Ont., Aug. 17.—Premier Sir Charles A. D. Cameron put a new man to whom other first-class promoters of dislike in charge of a new strike and one of the twelve men engaged at the central hall today and yesterday and moved their efforts from the building. The chief says he will stand and today has published editorial articles for some time. In the meantime he and the two legislative friends are having all their meals sent to the first hall.

THE CAPITAL'S PROGRESS NUMBER

Rigs and Newsboys lined up in front of The Capital Office taking the 56-page papers direct from press for distribution in all parts of the Twin Cities.

WORKHORSE PARADE CHIEF FEATURE OF TODAY'S FAIR

Over 400 Equines, from All Parts of District, in Parade This Morning—Propitious Weather Conditions Ensure a Record-Breaking Attendance This Afternoon—Prizes to Workhorses Will Be Announced Today

Today the weather men has broken all precedents. For the first time in history, citizens' day, the public holiday, and the day of the fair, is held under ideal weather conditions. The day, bristling with excitement, and before eight o'clock the streets had cleared away, and the assembly of half-day-making citizens rose this morning to view an extra sky.

The day's parade of working animals, the parade of the day's traffic, and the handling of the day's traffic.

City Detectives Have Not Located Thieves

May Secure Clue if Attempt Is Made to Cash Cheques, But Money and Valuables Will in all Probability Never Be Located—Detective Robbed

In the last of the thieves who have cost several thousand dollars from lockers at the Alberta College house consisted of money only, the police believe. Edmonton is having difficulty in securing a clue from which to work. Articles of jewelry and other personal effects from the students' belongings were found about the building, which means that the department of police has only one chance to work on. Chief Ensign of the Edmonton police department said this morning that he could not report any developments in the case to date.

When asked regarding the statement of some of the victims of the robbery that they were lousy at when they brought their tale of woe to the police station the chief explained that matter, which has been a very different light on the subject. As published in the Capital yesterday, one of the victims of the robbery, a prominent detective, Calves, says, "Now, when a provincial detective or any other detective comes up and out of a man that a thief had slipped a pair of trousers from beneath the head of such detective, the detective said, 'I have twelve dollars, then police officers and detectives consider it no harm to smile in sympathy.'"

And the officers at the police station did laugh at and laugh with Mr. Calves. The detective's badge and revolver were taken from him, the robber, having entirely the most respect for the law, to march upon each second evening, even if the night of peace and order was sleeping a sound sleep of a clear conscience.

No real business was reported this morning as having been reported upon the public. There was a case over the head and robbed of \$100 from the C.N.R. yards. He admitted that he had taken a great drinking. This is said to have taken place last night.

PRESIDENT VETOES THE STATEHOOD BILL

WILL NOT ACCEPT BILL RAISING ARIZONA AND NEW MEXICO TO STATEHOOD

(Western Associated Press)
Washington, Aug. 17.—President Taft in a special message to the house of representatives today vetoed the joint resolution providing for the admission of New Mexico and Arizona to statehood. His reason for exercising the executive veto was based on his thorough disapproval of the "judicial" clause in the Arizona constitution. The fact that New Mexico's statehood was bound up with Arizona made out to have the same reason and another territory can come into the Union at this time. The president's veto of the resolution in congress on matter the two-lives veto necessary to pass the resolution over the president's veto. This may be attempted.

CARNIVAL AT COMANCHE

Comanche, Okla., Aug. 17.—The ninth annual carnival of Comanche opened today, with aeroplane flights, baseball games, and concerts and other attractions. The town is rapidly filling with visitors.

\$69,350.
Where did it come from!

SECOND DAY OF EXHIBITION
PROVES RECORD BREAKER

Turnstiles Show that Nearly 10,000 Were in Attendance at Big Fair Yesterday—Classy Exhibits Attract Attention—Attractions Far Excellence Greatly Enjoyed

TO-DAY'S PROGRAMME
Citizens and Corporation Day
The big day of the fair.
8 a.m.—The Great Parker Shows.
10 a.m.—Stock judging.
All day—Midway attractions.
12 noon—Amusement drill by Boy Scouts.
2 p.m.—Fencing, one trial.
One trial and one running event.
The football game, State of 6600, and the Edmonton Derby, 5000 yards.
2 to 4 p.m.—The Parker vaudeville performance between pairs. Extra attractions. Daylight fireworks.
4 p.m.—Music by five brass bands.
4 p.m.—Stock parade.
The Great Parker Shows.
7 p.m.—Fencing. Two running events.
Vandellie bill and music between and after races.
7:30 p.m.—Grand coronation fireworks.
8 p.m.—A class of gates—The Great Parker Shows.

In the high standard of stock and vaudeville exhibitions, the attractions of the fair, the record for the first day, apparently took its toll. In the morning the police arrested a man who had been seen in the grounds on the first day, apparently took his toll. In the morning the police arrested a man who had been seen in the grounds on the first day, apparently took his toll. In the morning the police arrested a man who had been seen in the grounds on the first day, apparently took his toll.

Today, the record will undoubtedly be broken. The record was established yesterday, when 12,000 people entered the grounds by the turnstiles. Officials and others do not yet estimate the exact number of people who entered the grounds yesterday, but it is estimated that the total number of people who entered the grounds yesterday was 12,000. The record was established yesterday, when 12,000 people entered the grounds by the turnstiles. Officials and others do not yet estimate the exact number of people who entered the grounds yesterday, but it is estimated that the total number of people who entered the grounds yesterday was 12,000.

Increased Passenger Receipts
Yesterday's traffic returns are not available, but the increase in passenger receipts on the steam line from the street railway will doubtless be in the same proportion as the increase in the passenger receipts on the street railway.

Additional Exhibits
Since the opening day there have been a number of additions to the exhibits in the industrial, horticultural, and other departments.

Trained Dogs
La Belle Helene, a dainty little setter, presented a group of sheep offering as a feature her impressive regalia. She made a real bit and deserves special mention.

Evening Performance
In the evening the crowd of country visitors was augmented by large numbers of city dwellers, who found their principal diversion in the following of the parade, in viewing the various stand attractions, and in following the parade.

FAIR STATISTICS: TWO YEARS

Paid admissions, 8,028 3,888
Grand stand ad., 4,438 1,448
Total receipts \$4,008.75 \$1,360

The fair grounds have not yet received a fire, but the ambulance has been kept in constant readiness for emergencies, but has not been needed. Several of the Parker shows were in darkness for about half an hour, owing to the fusing of one of the electric light wires.

The display of fireworks which brought to a close the day's programme, before the grand stand, was one of the most magnificent of any that have been seen in Edmonton.

The day was marked by a total absence of incidents of an untoward nature. The only accident that appeared on the grounds on the first day, apparently took his toll.

LET BRIDGE WHIM
SEEK FOR TRIAL

George Whitford Goes Before High Court on Charge of Murder

(Western Associated Press)
Lethbridge, Alta., Aug. 17.—God will not let you go very far, it will be found out sooner or later. This is what Mr. Marquis Ouellette, formerly Mrs. Victor Thomas, says she told George Whitford when she accused him four years ago of making away with her husband, Victor Thomas. Her prophesy seems to be coming true for this afternoon.

Whiteford was committed by Inspector West to stand trial at the sitting of the supreme court on October 17 for the murder of Thomas.

While Mrs. Thomas was giving her evidence for an hour, accusing Whiteford of murdering her husband, he sat still, more like an Indian than a man, and made no effort to deny the charges.

Whiteford was committed by Inspector West to stand trial at the sitting of the supreme court on October 17 for the murder of Thomas.

TWO WOMEN ARE
DASHED TO DEATH

Flaw in Propeller Results in Machine Hurling to Ground—New Records

(Western Associated Press)
Chicago, Aug. 17.—Two aviators, W. H. Barker and Billie Burke, both young men, lost their lives at the International aviation meet here yesterday.

Both revealed the frailty of the craft in which two scores more aviators were curving and gliding about the air, with scarcely a pause for the deaths of their contemporaries.

Death in both cases was due to inexperience. The accidents were probably the result of unexplained defects in the mechanism of the machines and were in no way caused by carelessness or lack of response.

Barker, a wealthy youth, earned his death in a pit in the aviation field. There had been a flaw in one of the wings of the propeller of the Baldwin machine he drove.

Billie, a dainty youth, earned his death in a pit in the aviation field. There had been a flaw in one of the wings of the propeller of the Baldwin machine he drove.

HON. A. C. RUTHERFORD UNANIMOUS CHOICE OF LIBERAL CONVENTION

Liberal Association of District Condemns Minister of Interior for Failing to Answer Charges Preferred Against Him and Selects Ex-Premier to Contest Seat

Amid the greatest enthusiasm the Edmonton District Liberal association, at the convention held in the Separate School yesterday, unanimously nominated Hon. A. C. Rutherford to contest the seat in his constituency in the liberal interests and passed resolutions condemning the actions of Hon. Frank Oliver, minister of the interior, for failing to answer to his constituents the charges which were laid against him some time ago. Resolutions were also passed endorsing the principles as laid down by Premier Laurier, that the natural resources of the province should be turned over to the province, and that the members of the district associations are fully in accord with the reciprocity pact.

The nomination of Hon. A. C. Rutherford to contest the seat of Frank Oliver was received with cheers which lasted for a number of moments. The nomination speech of Mr. Rutherford was made by Mr. J. C. Dowsett, who was cheered from the time he named Hon. Mr. Rutherford until he had left the platform.

In nominating Mr. Rutherford Mr. Dowsett charged that the minister of the interior had not been true to the northern part of the province; that he had prevented its development by his attitude on the construction of the Alberta and Great Waterways railroad, and that he had permitted pre-emption of lands in the southern part of the province and had not permitted such in the northern part of the province, thereby working directly to the interest of developing the southern part of the province at the expense of the north.

Hon. A. C. Rutherford Nominated
In nominating the Hon. A. C. Rutherford to carry the liberal banner in the coming election J. C. Dowsett had to say in part as follows:

"Ever since and every time I have had an opportunity to vote for Frank Oliver I have done so. But I can not do so any more. I have no more than that. I have worked for him and I have let him know. But I can not go on doing so any more. (Applause.) The reason I will not do so any more is because of the action his paper took in becoming a check in the development of northern Alberta. I consider that he is certainly responsible for the actions of his paper. Another reason that I will not vote for Frank Oliver any more is that he has worked for the settlement of southern Alberta instead of working for the advancement and development of his own country and constituency. This is evident by the pre-emption allowed in the south while in the north but a quarter section can be taken by the homesteader."

"And there is a man who has assumed a most plausible position in all these matters, and whose position in regard to the railroad project is for the development of the northern part of the province. I can think of no other man more fitting to receive the nomination at the hands of this association than the Hon. A. C. Rutherford. (Tremendous applause.) I place in nomination the Hon. A. C. Rutherford. (Great applause.)"

Hon. A. C. Rutherford
In response to the appearance on the platform was the signal for a remarkable demonstration of enthusiasm. He pointed out that the meeting had been called by a thoroughly legal manner by the chairman of the district association.

premier, who had been faithful to the north country.

After Judge Harlin had spoken the motion was put by the chairman and amid prolonged cheers, carried by unanimous vote.

Convention Properly Called
Addressing the convention while the committees were in session, Jas. McGeorge repudiated the suggestion that the convention had been improperly called. At the convention held in Calgary in 1905 at which Senator Talbot and P. E. Lessard, among others, were appointed members of the provincial executive. That executive had never been called together since Senator Talbot was appointed president. If the 1905 convention was in order, so was the convention held today.

Mr. Edwards of Saskatchewan at this point to state that no fewer than 286 members of the party had not been notified of the holding of the convention.

Proceeding, Mr. McGeorge declared that Peter Talbot had been defeated in the performance of his duty over since his resignation. In the calling of the Victoria convention by Talbot precedent had been outraged.

When the 1905 convention was called, Mr. McGeorge declared, in exactly the same manner as the present one. If the 1905 convention were irregular, so was that of 1908.

As Mr. McGeorge took his chair, the delegates rose on their feet and cheered him to the echo.

Delegates in Attendance
Greetings for the delegates were reported by Judge Harlin, chairman of the credentials committee.

Mr. McGeorge declared, in exactly the same manner as the present one. If the 1905 convention were irregular, so was that of 1908.

As Mr. McGeorge took his chair, the delegates rose on their feet and cheered him to the echo.

Officers Elected
P. E. Lessard is the president of the Edmonton District Liberal association and J. C. Dowsett is secretary.

They were so elected by the association this afternoon. The Hon. A. C. Rutherford was chosen honorary president and the Hon. G. W. Gross was elected honorary vice-president. Both were chosen unanimously as was the case in the filling of all the offices. Peter Guma was elected vice-president of the association.

Resolutions Adopted
Resolutions unanimously and enthusiastically adopted by the association were as follows:

RESOLVED:
That in the estimation of this convention the member for the Edmonton district has lost the confidence of the electors of the Edmonton electoral district, inasmuch as there have been certain charges made against him which it is within his power to set at rest, and which he has not chosen to answer to his constituents who have first right to his explanation.

RESOLVED:
That in the opinion of this convention the natural resources of the province have been sold for the benefit of the south.

RESOLVED:
That we the members of the Edmonton District Liberal association in convention assembled hereby express our confidence in Sir Wilfrid Laurier, the Prime Minister of Canada, and our appreciation of the sound policies of the Liberal party on all questions of public importance. We subscribe to and believe in the principles of liberalism as represented by Sir Wilfrid Laurier, and we rejoice in the fact that Western Canada has witnessed during his regime an era of marvellous prosperity and development. We believe by his loftyness of motive, his breadth of view, his sound judgment, Sir Wilfrid stands among the foremost statesmen of the British Empire. The hope and desire of this convention is that he may long be spared to guide the helm of state in the nation's destiny.

RESOLVED:
That we, the members of the Edmonton District Liberal association in convention assembled, are fully in accord with the reciprocity arrangements made by the Dominion of Canada with the United States and endorse unqualifiedly every effort toward greater freedom of trade.

The following committees were appointed:

Committees on Resolutions
Peter Guma,
William MacDermott,
John A. McPherson,
J. J. Bell,
W. A. MacGill,
F. M. Moran,
J. M. McGeorge,

Milton McKee.

NOVA SCOTIA BRIDGE DESTROYED BY FIRE.

Halifax, N.S., Aug. 17.—More than half of the village of Clyde River has already been destroyed by a forest fire which has been swept on by a northwest gale. Thirty-three houses, and two hundred and fifty in ashes, and the fire is still advancing. One man is missing and probably perished in the fire. Two other villages, Fort Clyde and Cape Negro, are in grave danger, while Liverpool is perfectly surrounded by fire. Millions of the standing timber is being destroyed.

CROPS IN EUROPE BELOW STANDARD

CONDITIONS IN SOUTH AMERICA VERY FAVORABLE—DROUGHT IN CENTRAL INDIA.

(Western Associated Press)
Washington, Aug. 17.—Foreign crop report for July issued today by the department of agriculture shows that in Canada the spring wheat prospects appear to have maintained excellent promise. Condition at the end of July for the whole of Canada are given at 80 per cent against 71 per cent last year.

The total yield of winter wheat is estimated at 17,000,000 bushels compared with 16,500,000 in 1910.

Great harvest in Europe, on August 1 has reached latitude of British Isles. In west it was from one to three weeks early, and in east from two to three weeks late. Total crop not likely to equal last year. Argentina and Chile, where autumn sown crops are now ploughing of the Edmonton district, where conditions are reported favorable and indications point to good yield of wheat, oats and barley. India weather conditions unfavorable, but lately improved.

LIVERPOOL STORM CENTRE.
London, Aug. 17.—Liverpool, the storm centre of the strike, menacing trade of Great Britain, is under arms today. In addition to the police and firemen, 3,000 troops of infantry and of cavalry under Gen. Markinson were quartered in the city. These troops were shown during the riots of the early morning were prepared to back up the police with force of arms in maintaining order.

A MEMORABLE DAY IN HISTORY OF METHODISM
First Church Erected in Upper Canada Will be Preserved as It Was Erected in 1752

Pelton, Ont., Aug. 12.—Yesterday was a memorable day for Methodism in Canada. There was a unique demonstration to mark the centenary of the future preservation of the historic chapel on Bay Bay, the first church built in upper Canada. It was erected in the summer of 1752 under the direction of Wm. Loe, pioneer Methodist minister in Canada, the first Methodist preacher.

It was enlarged and re-built in 1834 and used until 1860, since when it has been in disuse.

The last general conference, however, voted to have the edifice of Methodism bought back and preserved as a relic.

Best and Quickest Service in City.

40

Real Estate BULLETIN

Business properties close in are in steady demand and considerable business is being done therein, especially in Jasper avenue and Ware house Sites.

Residential lots are selling in the usual West End subdivisions—H. B. Reserve, Groat Estate and Ingewood; and in Norwood in the East.

Houses are in demand in both East and West Ends.

Good acreage and subdivision lands are also enquired for.

ALBERTA PARK

We commend this suburb to our clients as a good investment for re-subdivision later on, the price being lower than any surrounding acreage, and it being in the line of the future expansion of the city.

If from Missouri, let us show you.

TODAY'S OFFERINGS

- BUSINESS**
- 79 feet on Jasper Ave. east, per foot, . . . \$300
 - A 50-ft. corner on Jasper Avenue West, B. 16, . . . \$12,500

AN ANTI-TUBERCULOSIS EXHIBIT AT THE FAIR

Metropolitan Life Spreading Propaganda on How to Battle with Disease

The Metropolitan Life Insurance Company has an anti-tuberculosis exhibit at the fair as a part of its work for the conservation of the public health. It is an extension of the activities which it has undertaken in line with many other organizations, in the nation-wide movement against the White Plague, and an attempt to broaden the field of its activities to include the general public, as distinguished from its own policyholders.

The exhibit is arranged in a white booth and contains a number of pamphlets full of useful suggestions for those who seek practical methods of preventing the spread of consumption. One of the most important of these, which the company has distributed among its policyholders, is entitled "A War Upon Consumption." Another was prepared by Dr. Thomas S. Carleton, Assistant Secretary of the National Association for the Study and Prevention of Tuberculosis, and is entitled "Directions for Living and Sleeping in the Open Air." There is also a leaflet telling how to build a small open-air sleeping shack on a city roof or in a country yard and giving a diagram of the plan and estimated cost of the material. Other pamphlets discuss the nature and growth of the disease and give lists of sanatoria, hospitals, dispensaries, etc., in many states. Sanitary drinking cups are distributed, designed to put into active practice, in this particular, the company's advice to use all possible precaution to avoid the disease germ. One piece of literature is devoted to the common house-fly, illustrating the way in which many disease germs are distributed by this nuisance. There are also puzzle post-cards having a bearing on the war against consumption.

The booth is decorated with pictures of the company's home office and with mottoes relating to prevention of tuberculosis.

WEST ASSURED A BUMPER CROP

Harvesting Will Be General in Another Week, According to C. N. R. Reports

(Western Associated Press)
Winnipeg, Aug. 17.—If the authenticity of the Canadian Northern crop report can be accepted, harvesting will be general throughout Western Canada within another week. The weekly crop report issued today is most optimistic, predicting in some areas a yield in wheat of from thirty to forty bushels per acre, while it estimates that oats at some points will go 100 bushels to the acre. Generally speaking, the report forecasts general cutting earlier than other years.

It claims that the yield, while not uniformly abundant, is better than last year in all districts. Special press representatives in the western fields claim today that it will be between two and three weeks before cutting is general in Saskatchewan and Alberta.

It is estimated today that fifteen thousand harvesters have arrived and been placed since the first of the month.

NELSON'S LEADING LAWYER DISAPPEARS

Lake and County Searched for Sandy Stewart Without Result

(Western Associated Press)
Nelson, B. C., Aug. 17.—Nelson's most expert divers, assisted a lake electric light, have searched the waters of the lake; police and citizens have investigated empty houses, taverns and every likely nook and corner in the city are completely baffled, in search of A. Stewart, a prominent lawyer who disappeared without leaving any trace, on Thursday last.

Stewart has crossed the lake and it was feared at first that he might have been drowned, during a sudden squall or other mishap, while crossing at night, but his boat was found this side in its usual place, and his other boat is missing. Told to agents, pursuers on boats and conducted on trails have been questioned, but can supply no clue.

The disappearance is very remarkable, because Sandy Stewart, as he is generally known, has lived here for years. Mrs. Stewart, a prominent figure in local society, is beside herself with anxiety and search parties, with Mayor Schuch, in the van, are now scouring the city with a line torch.

Foot play, sudden sickness or loss of memory are some of the theories advanced, but none is supported by facts. Not one gleam of light has yet been thrown on the disappearance.

LUMBER DISAPPEARS

A number of exhibitors in the industrial building at the fair growing concerned over the quantities of loose lumber intended for the construction of booths Saturday evening for operations which it was intended to report yesterday, but when the exhibitors returned it was to find their material gone. Chief of Police, so the Capital was informed, refused to take action in the matter, remarking that the matter was one for the exhibition association to take up. The chief of the other board states that this matter was never reported to him.

Subscription List Opened on Monday, Aug. 14, and Will Close on or Before 3 p.m. Monday, Aug. 21

HEAD OFFICE: Toronto

PLANTS AT: Montreal, Toronto, Winnipeg

PURPOSES OF COMPANY

Canada Bread Company, Limited, has acquired as going concerns the plants and businesses of the Bredin Bread Company, Limited, of Toronto; Geo. Weston (The Model Bakery), of Toronto; H. C. Tomlin (Toronto Bakery), of Toronto; Sturges, Limited, of Montreal; and W. J. Boyd, of Winnipeg. In the case of Boyd, the real property is located, but a parcel of vacant land in the City of Winnipeg, about two acres in extent, is substituted. The first three companies have been in operation for almost thirty years, and the last two for close to twenty years. They have all grown from small beginnings into the large concerns they are now among the largest in their respective fields in Canada. The combined output of the companies at present is, approximately, 800,000 loaves of bread per week. It is intended, by extensions to the present plants and the erection or acquisition of new plants, to forthwith increase the output of the Company to one million loaves per week, with other extensions to follow in the other large cities at a later date.

POSITION OF BONDS

For full particulars, reference may be made to our prospectus, which is accompanied by a letter from Mr. Mark Bredin, the Vice-President and General Manager of the Company. We draw attention to the following points:

For full particulars, reference may be made to our prospectus, which is accompanied by a letter from Mr. Mark Bredin, the Vice-President and General Manager of the Company. We draw attention to the following points:

1. With the extensions that it is proposed to effect forthwith, the company, at the end of its first fiscal year, will be in a position to show earnings of \$200,000 a year, equal to three and one-half times the interest requirements on the bond issue, and with all the additional plants that will be provided with the cash now in the treasury, the earnings should steadily increase over \$250,000 a year, or more than seven times the bond interest requirements.
2. The assets of the companies already taken over, stand in excess of all liabilities and without any allowance for good-will, trade marks, etc., at \$841,178.70. There has also been placed in the treasury \$1,000,000 of cash, which, besides furnishing funds for the purchasing or construction of additional plants, will provide ample working capital.
3. The earnings of the present plants, as per certificate of Assets, Price, Waterhouse & Co., after allowing for depreciation, amounted from April 30th, 1910, to April 30th, 1911, to \$407,944.14, to which may be added \$32,000, being interest at the rate of 2 1/2 per cent. on \$1,000,000 cash in the treasury pending its employment on extensions. It is estimated that, which is accompanied by a letter from Mr. Mark Bredin, the Vice-President and General Manager of the Company. We draw attention to the following points:

SUBSCRIPTIONS

Subscriptions should be made on the form accompanying the prospectus, and are payable as follows:—
In instalments as follows, in which case interest at the rate of 6 per cent. will be charged from date of allotment:—
10 per cent. on par value on application.
10 per cent. on par value on allotment.
10 per cent. on par value on 1st Sept., 1911.
25 per cent. on par value on 1st Oct., 1911.
25 per cent. on par value on 1st Nov., 1911.
OR
8 1/2 per cent.

Upon final payment by the subscriber for all the bonds allotted, the Guardian Trust Company, Limited, will deliver the bonds, together with fully paid-up shares of the Common Stock if the Company equivalent at par to 25 per cent. of the par value of the bonds allotted.

Application will be made to list the bonds and common stock on the Toronto Stock Exchange. Copy of the trust mortgage and legal opinion of A. M. Stewart, and certificates of Price, Waterhouse & Co., and Canadian-American Appraisal Co., are open to inspection at the offices of the Guardian Trust Company, Limited, Toronto.

Prospectus and application forms may be obtained from and subscriptions should be forwarded to

Warning of Advance in Prices

Our Lots Are Too Cheap.

Every time we drive a load of customers to

G.T.P. Addition

It is as evident to them as it is to us that our prices are away below their real value.

Compare its location near what will soon be the largest pay roll centre of the city, the fine, high, dry site—the large lots and the exceptionally easy terms, with surrounding values, and the fact will be as evident to you.

But we are going to partially remedy this, as the price of every lot unsold Sept. 1 will be raised \$25. But, even then, at the advanced price, you will be getting in nearer the ground floor than on many other similar propositions.

Prices now
\$90 to \$200
Terms, \$10 cash and balance \$5 per month.
